New IT Suite Build Project

EAC Network Solutions were contracted to completely re-vamp a classroom in an old part of the school into a new ICT Classroom, the project included:

- Interactive Whiteboard Suite
- Decorating (Walls, Flooring and a new suspended Ceiling)
- Multipurpose Desking
- Network Cabling
- Air Conditioning
- Installation of the PC's and a Printer

“It was fabulous. They simply could not have made the project easier for us. From design to completion they listened to us and supplied everything we needed from the IT and furniture to the air conditioning and decoration.”

Mr M. Chitty (Headmaster),
